☐ Other

Subject:

CourTools Measure 1 in
Limited Jurisdiction
Courts

FROM:

Christi Weigand, Court Services Division

DISCUSSION:

In March, the Arizona Judicial Council approved a plan to move forward with the Access and Fairness Survey in General Jurisdiction Courts. Seven courts have completed the survey since then, and we expect to bring results from all of the General Jurisdiction Courts back in October.

The process is working smoothly, and we would like to begin to make plans for implementing the survey in limited jurisdiction courts across the state. In order to begin implementation in October (following our presentation to you on general jurisdiction), a good deal of preliminary work needs to be carried out.

RECOMMENDED COUNCIL ACTION:

Approve the plan to proceed with preparation for and implementation of the Access and Fairness Survey in Limited Jurisdiction Courts.

Note: Additional materials (PowerPoint handout) will be available at the meeting.
